HELIX MARSHAL MADE NO ATTEMPT TO ARREST ROSE

Witnesses of Shooting Fail to State That Attempt Was Made to Arrest Victim.

ROSE WAS EJECTING CLARK'S SON FROM STORE

Fatal Shot Fired During Fight Between Rose and Clark; Funeral Services Tomorrow.

Of 12 witnesses who saw L. D. Clark, deputy sheriff and town marshal of Helix, shoot and kill Harry E. Rose in the latter's cigar store at Helix Saturday night, not one testified at the inquest held in Helix today that Clark made any attempt to arrest Rose.

The shooting, done with a .38's and .38's, occurred after an argument between Rose and Sims Clark, aged 15, one of Clark's 12 children. Rose ejected young Clark from the store, witnesses state, after which the older Clark came in and remonstrated with Rose. A struggle ensued between the two, eye-witnesses, and Clark was thrown to the floor on his right side, with Rose on top. A bystander testified that he, after a request from Clark, lifted Rose so that the weight of his body was removed from Clark. The marshal then, with his left hand, released the safety from his revolver, after which he took it in his right hand and fired at Rose at close range. The first bullet entered Rose's left hand and the second penetrated his breast. After gasping, "I'm shot, boys," Rose was taken to his home and died soon after.

Rose is popular in Helix and because of antagonism toward Clark, the latter was brought to Pendleton, but was returned to Helix today for the inquest. He was not placed under arrest.

Rose, who was 27 years of age, is survived by his widow and two-year-old daughter, Clara Belle. Another daughter, Dorothy May, aged two, was killed last year when she was run over by an automobile. Rose's relatives reside in New York.

Funeral services will be held in Helix at 10 a. m. tomorrow.

Playing aggressive football during the entire game Saturday the Pendleton High School defeated La Grande 25 to 7. Not only did they defeat La Grande but they ruined the championship aspirations of the neighboring city. The game was clean and free from penalties. Pendleton being called offside once during the contest and La Grande escaping all penalties. "It was a clean game," commented a La Grande player after the game. "It is the first time in several years that Pendleton has played CLEAN football."

This from a member of the defeated opponent's team is the best compliment that the local high school players could desire. The spirit to win is a commendable one, but the spirit to win fairly is the spirit that commands the respect of opponents and fans alike.

Only once during the game did La Grande gain consistently against Coach Taylor's men and that was in the early part of the third period and resulted in the only score made by the visitors.

Pendleton kicked off to La Grande, who received on their own 5 yard line and returned 29 yards. After failing to gain La Grande tried to punt, one of their own men blocking the ball. Pendleton recovering on the 25 yard line. On the next play Pendleton lost the ball on fumble. La Grande mown yards on a fake punt and line buck, but lost the ball on a fumble on the next play. Heyden made nine and three yards on two line attacks. Stonebreaker made no gain and La Grande recovered Heyden's fumble. Lynch punted 20 yards to Heyden, who returned 5 yards. The ball was now on the fifty yard line. Heyden made a small gain and then Morrison punted 49 yards. The ball going out of bounds on the 9 yard line. Lynch punted 25 yards and Heyden returned to the 25 yard line. Morton made 6 yards through the line and Stonebreaker five more on a crisscross. Morton carried the ball to the ten yard line. Pendleton received the only penalty of the game on the next play for being offside. Heyden made 4 yards. Morton six and with 4 yards to go for first down. Heyden made the required yardage through the line, placing the ball on the one yard line. Stonebreaker carried the ball over and Morrison kicked goal. Score Pendleton 7, La Grande 0.

Pendleton again kicked off to La Grande's 9 yard line, La Grande returning 10 yards. Lynch punted 25 yards. La Grande then intercepted a Pendleton pass on the 25 yard line. Lynch fumbled 25 yards to Heyden, who fumbled and recovered, being downed on the fifty yard line. Heyden punted 46 yards. Lynch punted 28 yards to Heyden, who returned to the 22 yard line. Morton fumbled and La Grande recovered as the period ended.

At the opening of the second quarter La Grande carried the ball ten yards and was then forced to punt. Lynch booted the pigskin 46 yards out of bounds on Pendleton's 28 yard line. Heyden went through the line for nine, three and three yards. Morrison punted 39 yards. La Grande regained for a fair catch. A pass from Lynch to E. Metcalf netted 15 yards. La Grande has held for downs on Pendleton's 25 yard line. A pass, Morton to Gillett, made ten yards. Shortly after La Grande intercepted a Pendleton pass on their own 39 yard line. Lynch fumbled and Stonebreaker re-

'BLACK SHIRT' LEADER ASKED TO FORM MINISTRY

King Emanuel Invited Mussolini to Accept Post Left Vacant by Facta.

FEW DISORDERS MARK CHANGE IN MINISTRY

Fascisti Are Strong Monarchists and Bitter Opponents of the Socialist Party.

ROME, Oct. 30.—(U. P.)—Italy today had bowed to the Fascisti. Following Mussolini's demand that complete control of the government be handed over to his government and King Emanuel asked him to form a ministry. This peaceful capitulation was hastened by the apparent readiness for action on the part of the black shirt army of eight hundred thousand. The Fascisti leader refused to accept a compromise, and his invitation to become premier came after his curt refusal to participate in any cabinet headed by former President Salandra.

Fascisti are strong monarchists and bitter opponents of the socialists. Mussolini and the Fascisti will rule Italy without the consent of parliament, a majority of whose members are socialists. It is believed that parliament will be dissolved November 7, when it convenes and Mussolini will appeal to the country for support. The Fascisti coup is marked by few disorders. Six black shirts were killed at Cremona when police frustrated an attempt to seize the government. Mussolini's announcement that he would have both socialists and populists in his cabinet is believed to have aided quiet restoration of semi-tranquility and purity of disorders. Rome is virtually isolated today due to Fascisti tearing up tracks to prevent

TWO YAQUI INDIANS WERE BURNED ALIVE FOLLOWING TRIAL FOR WITCHCRAFT

NOGALES, ARIZ., Oct. 30.—(U. P.)—Two native Yaqui Indian officials were burned alive by residents of Yaqui Pueblo of Bacum, Mexico, according to a news here. Dignitaries from Yaqui headquarters in Bacote Mountains tried the men for witchcraft and found them guilty. The same fate awaits Rosa Cassillas. Other cases are pending before the tribunal.

PIERCE DECLARES THAT CHARGE REGARDING USE OF SCHOOL FUND UNTRUE

Money Borrowed on Land Was Used in Business and Not Loaned Out at 8 Per Cent.

Charges that Walter M. Pierce borrowed money from the state school fund in 1903 and then loaned that money to farmers at a higher rate of interest are untrue according to a statement from Mr. Pierce, just sent out by the Pierce headquarters in Portland.

The Pierce statement is as follows: "There has been much criticism and much misrepresentation concerning the loan I negotiated with the State Land Board in 1903, for \$30,000 of the Ir-reducible School Fund. The facts concerning this loan are as follows: At that time, I owned a large tract of good agricultural land in Union County, valued at \$30,000 in my business. I learned that there was over a half million dollars of Ir-reducible School Fund in the hands of the Treasurer, unloaned, not drawing interest for the support of the common schools.

"I applied to the Board consisting of Geo. E. Chamberlain, as Governor, F. L. Dunbar, Secretary of State, and C. S. Moore, State Treasurer, for this loan. The lands I owned were ample security for such a loan. The Board advised me to divide up this land into six tracts; convey to my friends or relatives separately, five of these tracts, and then let each one of the five and myself, apply for a loan of \$5,000.00, and secure this same by mortgage upon the tract of land owned by each of us. This was accordingly done; the land divided, and conveyed by warranty deed to the five persons each of whom made application for a loan of \$5,000.00. The local agent of the Board examined these tracts of land, approved of the security, and recommended the loan; these loans were accordingly made, and the security for each of them was ample; shortly after this, each of these five parties conveyed these tracts of land back to me and I assumed and agreed to pay these notes and mortgages. I kept this loan for about twelve years; sold the interest annually, and finally paid back the \$30,000.00 into the State School Fund.

"I used this money in my business transactions, and the statement that I loaned this money to farmers at eight per cent, is not true.

"The notes and mortgages to Cooley and others in Umatilla County, grew out of business transactions of long standing, and has nothing to do whatever, with the school money that I borrowed from the State.

"These are the unvarnished facts in regard to this transaction. The Board at that time consisted of one Democrat and two Republicans, and there was nothing illegal, or even irregular, about this transaction, and it was in no sense, a fraud upon the School Fund, or anybody else."

G. O. P. SPEAKER TO BE AT ALTA TONIGHT

R. A. Booth, of Eugene, state highway commissioner, will speak this evening at the Alta theatre. The meeting will begin at 8 p. m.

Mr. Booth's address will be in the interests of the republican party. The speaker who will introduce Mr. Booth has not been announced. Mr. Booth arrived here today.

TO FIGHT KLAN.

KANSAS CITY, Oct. 30.—(U. P.)—Kansas today opened a fight to rid the state of the Ku Klux Klan. Governor Allen on the eve of the election, declared war on the white cap, announcing that every part of the state machinery will function to drive the Klan from the state. Whippings and other outrages laid to Klan brought on the campaign. Attorney General Hopkins is conferring with other state officials at Topeka, preparatory to drafting drastic injunctions curbing Klan activities. One of these is expected to prevent further Klan enlistments until action against the organization is brought to court.

'LIVING WAGE' DENIED TODAY BY LABOR BOARD

'Just, But Impractical' Says Members of Board; Principal Would Wreck Roads.

'OUTLAW' STRIKES MAY BE RESULT

Labor Executive Wired Harding Asking Dissolution of Board Because of Ruling.

CHICAGO, Oct. 30.—(U. P.)—H. C. Greenly, president of the United Association of Railway Employees of North America wired President Harding today demanding the dissolution of the railroad labor board for its refusal to accept the principle of a living wage. The board ruled that it would wreck the railroads and spread ruin to other industries if they paid a wage based on the living needs of a family of five. The board called a living wage "just, but impractical." At the same time Greenly officials at meeting of his organization officials with heads of the federation of railway employes and other "outlaw" unions for Wednesday to organize a fight against the board's stand.

Some union heads saw the danger of "outlaw" strikes as a result of decisions of the railroad board. Edward Hoskins, president of the American federation of railway employes, regarded as an "outlaw" union, declared his organization would back any movement to obtain a reversal of the labor board's stand. John Grandian, who led the outlaw strike which crippled the railroad service in 1920, is expected by insurgents to again take the leadership of this fight. Hoskins charged some men were getting as low as nine hundred yearly, neither a decent nor a living wage, he said.

CHICAGO, Oct. 30.—(U. P.)—The majority of the railroad labor board, which today had flatly rejected the railroad employes demand for a living wage, declared that such a wage was "just but impractical," asserting that if carried out it would cause an annual railroad deficit of two billions and would wreck every railroad in the country and if spread to other industries would "result in communistic ruin."

FOLSOM RESIDENCE ENTERED BY BURGLARS

Evidently acting upon the axiom "A fair exchange is no robbery," an unknown burglar entered the Ralph Folsom residence at about 10 o'clock yesterday morning, took with him a coat, vest, overcoat, hat and diamond tie pin, and left in return a somewhat inadequate substitute in the form of a blue coat, accompanied by an I. W. W. pamphlet.

Further thoughtfulness on the part of the visitor is evidenced by the fact that he removed Mr. Folsom's spectacles from the latter's coat and placed them in the pocket of the ones given in exchange.

It is probable that the marauder would have gotten away with more loot had not Miss Elva Boone, sister of Mrs. Folsom, heard the noise and turned on a light. A suitcase, brought from the basement to the floor above, was found, half-filled with clothing owned by young Allen Folsom. The door of a china closet was open, as if the visitor had planned to steal some of its contents.

The coat left by the thief is shabby but is of good cut and its tattered lining is of satin. In one pocket is a needle and in another a razor blade, needle and thread, twine and a few pins. The police are investigating the matter.

GRAND JURY TO MEET.

NEW BRUNSWICK, N. J., Oct. 30.—(U. P.)—Further delay in the Hall-Mills grand jury investigation is considered unlikely because the following developments: Mrs. Jane Gibson's challenge to a prominent New Brunswick woman to prove the latter did not witness the murder; the report of the discovery of a new witness who heard Mrs. Mills' dying shriek; discovery of two cartridges, undischarged, near where the bodies were found; a negro's alleged attempt to sell Dr. Hall's watch which has been missing since the tragedy.

SOMEHOW HE JUST CAN'T GET THE THRILL
